How to Sign Up for the National Do Not Call Registry

What is the National Do Not Call Registry?

The National Do Not Call Registry is a database run by the Federal Trade Commission meant to help individuals reduce the number of unwanted sales calls they receive. Registrations on the National Do Not Call Registry DO NOT EXPIRE. If you have previously registered your number, there is no need to register again.

How to Remove Yourself from Enformion

DeleteMe's Enformion Review

Enformion collects and posts all kinds of personal information publicly online. Enformion is partnered with PeopleFinders, so removing yourself from PeopleFinders will remove you from Enformion. This requires you to fill out an opt-out form. After that, it may take seven or more days to have the request removed.

Speed: 5, Slowest

Difficulty: 1, Easiest

 **Speed notice:**

According to PeopleFinders' customer service, listings are removed within 24-48 hours. In our experience, it took longer than this.

How to Remove Yourself from Enformion via People Finders

1. Go to their opt-out website, <https://www.peoplefinders.com/manage>, and search for your listing.

The screenshot shows the PeopleFinders website interface. At the top, there is a navigation bar with links for "People Search", "Background Check", "Criminal Records", "Public Records", and "Reverse Phone". On the right side of the header, there are "join" and "Login" buttons. Below the header, a search bar displays the query "Subia". Underneath the search bar, there are dropdown menus for "City", "State", "Age", "Birth Month", "Birth Day", and "Birth Year", along with a "Update Search" button. The main content area shows search results for "Subia". One result is highlighted with a blue box, showing "AKAs Subia" and "Subia". There are also other blurred results and a "More Relatives..." link. A "View details" button is visible on the right side of the results.

2. Find your listing and click "this is me".

The screenshot shows the Peoplefinders website with a blue header. The search bar at the top contains the name 'Subia'. Below the header, there's a breadcrumb trail: Home > Manage > Search Results. The main content area displays a single search result for 'Subia' with the following details:

- AKAs: Subia, Subia
- Age: [redacted]
- Has Lived In: [redacted]
- Relatives/Associates: [redacted]
[More Relatives...](#)

A green button labeled 'This is me' is visible on the right side of the result. At the bottom, it says 'Public & Criminal Records for Subia' and 'Sponsored by BeenVerified.com'.

3. Click "opt out my info".

The screenshot shows the 'Set Your Privacy Preferences' page on Peoplefinders. The top navigation bar includes 'People Search', 'Background Check', 'Criminal Records', 'Public Records', and 'Reverse Phone'. The breadcrumb trail indicates the user is at 'Home > Manage > Search Results > Privacy Preferences'. The main content area has a heading 'Set Your Privacy Preferences' and a sub-instruction 'Choose how your public information will be displayed on PeopleFinders.' It features two buttons: 'keep showing my info' (green) and 'opt out my info' (blue). Below these buttons, there's a summary of the user's information: 'Subia', 'Age: [redacted]', 'Address: [redacted]', 'Relatives: [redacted]'. A link 'Not you? Start Over' is also present.

4. Click both boxes and perform the CAPTCHA.

The screenshot shows the 'Opt Out - Block Your Records' page. The top navigation bar includes 'People Search', 'Background Check', 'Criminal Records', 'Public Records', and 'Reverse Phone'. The breadcrumb trail indicates the user is at 'Home > Manage > Search Results > Privacy Preferences > Opt-Out'. The main content area has a heading 'Opt Out - Block Your Records' and displays the user's information: a profile icon, the name 'Subia', and 'Age: [redacted], Address: [redacted], Relatives: [redacted]'. There are two checkboxes:

- I understand that PeopleFinders will block the selected person's public records from being shown on PeopleFinders.com. PeopleFinders will also endeavor to block future public records that belong to the same person, but identifying these future records is not 100% accurate and cannot be guaranteed. I understand that PeopleFinders does not own and operate all public records available on the Internet, and my information may still be found on other public web sites. How to Remove Yourself from Experian

DeleteMe's Experian Review

Experian is a credit reporting agency and direct marketing company. To remove yourself from Experian, you must go through several opt-out processes. After this, it is unclear how long it will take for your information to be removed.

How to Remove Yourself from Experian

Opting Out

Targeted advertising provides choices, competitive offers and convenience - qualities sought and valued by many consumers. For many, being able to learn about these choices in the comfort of their own homes is extremely important. They look forward to receiving catalogs and other offers of interest. They like having the freedom to comparison shop from home, and they appreciate being able to conveniently purchase the products and services they want and need in their own homes.

Making An Informed Choice

You do have a choice. You can choose not to receive most targeted advertising by opting out. However, you should weigh your decision carefully. While opting out will not eliminate all targeted advertising, it will eliminate most catalogs, preapproved bank and retail credit offers, and other invitation-only offers you may enjoy receiving. Only you can decide what works best for you.

How to Remove Yourself from Mugshots.com

DeleteMe's Mugshots.com Review

Mugshots.com collects booking photos from the public record and posts them online. In the past, it was possible to pay between \$399 and \$1799 to have your Mugshots.com record removed. If your record was expunged, it is possible to remove it from Mugshots.com by contacting them via email. Unfortunately, it is otherwise no longer possible to remove your record.

How to Remove Yourself from Mugshots.com

Expungement, Seal, No Information, Restriction or Identity Theft:

If your case has been expunged, sealed, order to be destroyed or an identity theft, you can submit the court documentation (must be signed by a judge and sealed by the court and be legible) to mugshots.com1@gmail.com for consideration. Your record will be removed free of charge.

Favorable Dispositions – Not Guilty, Dismissal, Acquitted, Exonerated, etc.

If you have had a favorable disposition your case cannot be removed from Mugshots.com, but can be updated. You can submit the court documentation (disposition documentation must be signed by a judge and sealed by the court and be legible) to docverify1@gmail.com for consideration. Your record will be updated free of charge, and your disposition will be prominently displayed on all pages relating to your arrest.

Non-Favorable Dispositions

If you have had a non-favorable disposition your case can be updated free of charge on the Mugshots.com

Database. If you have satisfied all court requirements, fines, finished probation or a time served order etc. You can submit the court documentation (court satisfaction documents must be signed by the court and be legible) to docverify1@gmail.com for consideration. Your record will be updated free of charge.

Death

If a family member has died, their case can be removed free of charge from the Mugshots.com Database. You can submit the certified copy of their Death Certificate (signed by the proper authority and legible) to mugshots.com1@gmail.com for consideration. Your family member will be removed free of charge.

How long will removals and updates take?

The Mugshots.com Database fields these requests on a first come first serve basis and does not guarantee the timeliness of the removal. This process can up to 10 business days. Non-legible documents will be discarded and no notification will be provided.

How to Remove Yourself from Oklahoma Voters

DeleteMe's Oklahoma Voters Review

Oklahoma Voters is a website that uses public Oklahoma voter records to post personal information online. To remove yourself from Oklahoma Voters, you must send a notarized letter to the owner of the website. After this, it is unclear how long it will take for your information to be removed.

How to Remove Yourself from Oklahoma Voters

1. Look over the [privacy information](#) on the website.

*What gives you the right to put **MY** information on it?*

You do not own the information. It is public information. In a free country, everybody can freely communicate true facts lawfully obtained from a public record. Read on for the removal request option.

What about my right to privacy?

By definition, public information is not private. This is all public information the State of Oklahoma sends to anybody who orders it. [Click here..](#) Read on for your removal request option.

You better remove it now or I'll sue you.

We get that all the time. They speak with a lawyer, and reality sets in. Public information is not private. To play nicely with the other children in the sandbox, we offer a removal request policy. You might want to join a class action lawsuit with the lady in the video below.

I strongly object to this public information being so easily available to the public.

You might get better results if you tell somebody that cares. [Click here.](#)

2. Download the letter as a [txt](#) or [rtf](#) file, print it, and fill it out with your information exactly as it appears on your listing.

How to Remove Yourself from People Search

DeleteMe's Whitepages Review

[People Search](#) is a data broker that collects and posts all kinds of personal information publicly online. People Search is affiliated with Whitepages, so removing yourself from Whitepages will also remove you from People Search. This requires you to fill out an opt-out form, and verify your request over the phone. After that, your listing should be removed within 24 hours.

Speed: 2, Fast

Difficulty: 4, Hard

! **Note:** Whitepages has 'Premium' listings, in addition to the standard, non-premium listings. Typically, the 'Premium' listings contain more personal information than the 'free' or 'standard' listings, and require payment, usually a fee of \$9.99. Removing yourself from Whitepages will not remove you from Whitepages Premium. You can check out our [post on how to opt-out of Whitepages Premium](#) for step-by-step instructions.

How to Remove Yourself from WhitePages

1. Search for your information on [whitepages.com](#) by entering your first name, last name, city, and state. Click the magnifying glass to search.

Search for a name, phone number, or address.

[PEOPLE](#)[REVERSE PHONE](#)[REVERSE ADDRESS](#)[BUSINESS](#)

e.g. Jon Snow

City, State or ZIP

Find people, contact info, & background checks

Trusted by over 30 million people every month

2. Next you will find the results page. Find your listing and click “View Details”, and you’ll be taken to your listing with your personal information.

The screenshot shows the Whitepages search interface. At the top, there's a search bar with the placeholder "Search for a name, phone number, or address." Below it are four navigation tabs: PEOPLE (which is selected), REVERSE PHONE, REVERSE ADDRESS, and BUSINESS. There are two input fields: one for "e.g. Jon Snow" and another for "City, State or ZIP". A magnifying glass search icon is positioned next to the ZIP field. Below the search bar, a large heading reads "Find people, contact info, & background checks" with the subtext "Trusted by over 30 million people every month". The main content area displays search results for "Julianne Subia". It shows "91 records" and a "SHOW FILTERS" dropdown. A specific result for Julianne Subia is highlighted, showing her age (28) and a blurred profile picture. To the right of the profile are social media icons for phone, email, and website. A "View Details" button is prominently displayed. The bottom left corner of the result card says "Powered by SMARTCHECK".

3. Copy the url of your page.

The screenshot shows the Whitepages search results for "Julianne Subia". At the top, there are navigation links: PEOPLE, REVERSE PHONE, REVERSE ADDRESS, and BUSINESS. Below the search bar, the name "Julianne Subia" is displayed with her age listed as "Age [REDACTED]". A profile icon of a person is shown. Below this, there is a mobile phone icon with the text "[REDACTED]" and a link to "View mobile info". Under "CURRENT ADDRESS", there is a house icon, the address "[REDACTED]", and a "SHOW MAP" button. Below the address, it says "Neighborhood: [REDACTED]". To the right of the address section, there is a "PREMIUM" badge. Under "More about Julianne Subia", there is a "FAMILY MEMBERS" section with a people icon, listing "Relatives of Julianne Subia" and a link to "View all relatives".

4. Paste it in the whitepages opt out page, https://www.whitepages.com/suppression_requests. Click the “Opt-out” button on this page.

The screenshot shows the "Opt-out of Whitepages" page, which is "STEP 1 OF 5". It asks the user to copy and paste the URL of their profile, which is provided in a text input field: "https://www.whitepages.com/name/Julianne-Subia.[REDACTED]". Below the input field is a large "Opt-out" button.

5. The next page will ask you to confirm that this is your listing. Click the “Remove me” button on this page.

How to Remove Yourself from Pipl

DeleteMe's Pipl Review

Pipl is a data broker that posts personal information online. Unfortunately, there is no specified process to remove yourself from Pipl.

Speed: 5, Slowest

Difficulty: 5, Hardest

How to Remove Yourself from Pipl

Pipl does not provide any kind of opt-out process on their site. Instead, on what looks like a page laying out an opt-out process (<https://pipl.com/help/remove/>), they explain that they merely aggregate information from various sources, and if you want it removed, you need to remove it from the source.

Can I remove my information from the search results?

If you prefer that a certain link will not be shown on pipl.com you should act to remove the page from the source website (you can see the details of the source website next to each result item); once the data is removed from the source, a link should no longer appear in our results page.

What about privacy?

Understanding the potential sensitivity of people's data makes privacy a very important issue for us, we only link to information that is already available on public web pages.

Do not send information that they do not already have, and if the information they have is incorrect, use it anyway.

5. After this, it is unclear how long it will take them to remove your information from their site. Be patient and persistent.

How to Remove Yourself from Public Records Directory

DeleteMe's Public Records Directory Review

 (Updated 7/2/2019)

Public Records Directory making it difficult to click on a link for a specific listing to paste into the URL field. We pasted the full listing in the comments box to resolve this. DeleteMe continues to have success with these opt-outs.

Public Records Directory (Public Info Directory) is a data broker that posts personal information online. To remove yourself from Public Records Directory, you must contact them directly. After this, it could take over seven days for your information to be removed.

Speed: 5, Slowest

Difficulty: 5, Hardest

How to Remove Yourself from Public Records Directory

1. Go to <https://publicrecords.directory/contact.php>.

Public Records Directory's opt-out process is flawed. They request that they simply send them the URL of your listing, but they make it difficult, if not impossible, to find this URL. As a result, there are two options:

- 1a. Perform a site-specific Google Search. Type "site:publicrecords.directory [your name]" into Google. This might allow you to find your direct listing. Copy the link of your URL.

1b. If you can't find your listing that way, just copy and paste the URL from your regular search.

2. Fill out your name and email address (we recommend using a [Masked Email from Blur](#)). Choose "Opt-out from website" in the dropdown menu, paste the URL from your Google Search or your search, and paste your full listing into the comments section. Finally, complete the CAPTCHA and click "Submit".

The form is titled "PUBLIC INFO DIRECTORY". It contains fields for Name, Email, Reason (dropdown), URL (for opt-out only), and Comments. A reCAPTCHA box is at the bottom.

Deleting your information does not instantly remove your information off of search engines.

If you can't find the delete link on a listing, this means that the listing is owned by another Sales Spider member. Contact the owner of the listing directly by clicking “Send a Message”, which is usually found next to their picture on the listing.

How to Remove Yourself from Stud or Dud

DeleteMe's Stud or Dud Review

Stud or Dud is a data broker website owned by PeopleFinders. So, removing yourself from PeopleFinders will remove you from Stud or Dud. This requires you to fill out an opt-out form. After that, it may take seven or more days to have the request removed.

Speed: 5, Slowest

Difficulty: 1, Easiest

 **Speed notice:**

According to PeopleFinders' customer service, listings are removed within 24-48 hours. In our experience, it took longer than this.

How to Remove Yourself from Stud or Dud via PeopleFinders

1. Go to their opt-out website, <https://www.peoplefinders.com/manage>, and search for your listing.

The screenshot shows the PeopleFinders website interface. At the top, there's a navigation bar with links for "People Search", "Background Check", "Criminal Records", "Public Records", and "Reverse Phone". On the right side of the header, there are "join" and "Login" buttons. Below the header, a search bar displays the query "Subia". Underneath the search bar, there are dropdown menus for "City", "State", "Age", "Birth Month", "Birth Day", and "Birth Year", along with a "Update Search" button. The main content area shows a search result for "Subia". It includes a profile picture placeholder, the name "Subia", and a section for "AKAs" which lists "Subia" three times. To the right of the profile picture, there are three small blacked-out profile icons. A green "View details" button is located on the far right. The URL in the browser's address bar is "Home > People Search > Search Results".

2. Find your listing and click "this is me".

The screenshot shows the Peoplefinders website with a blue header. The search bar at the top contains the name 'Subia'. Below the header, there's a breadcrumb trail: Home > Manage > Search Results. The main content area displays a single search result for 'Subia' with the following details:

- AKAs: Subia, Subia
- Age: [redacted]
- Has Lived In: [redacted]
- Relatives/Associates: [redacted]
[More Relatives...](#)

A green button labeled 'This is me' is located on the right side of the result. At the bottom, it says 'Public & Criminal Records for Subia' and 'Sponsored by BeenVerified.com'.

3. Click "opt out my info".

The screenshot shows the 'Set Your Privacy Preferences' page on Peoplefinders. The top navigation bar includes 'People Search', 'Background Check', 'Criminal Records', 'Public Records', and 'Reverse Phone'. The breadcrumb trail indicates the user is at 'Home > Manage > Search Results > Privacy Preferences'. The main content area has a heading 'Set Your Privacy Preferences' and a sub-instruction 'Choose how your public information will be displayed on PeopleFinders.' It features two buttons: 'keep showing my info' (green) and 'opt out my info' (blue). Below these buttons, there are fields for 'Age' (set to 21), 'Address' ([redacted]), and 'Relatives' ([redacted]). A link 'Not you? Start Over' is visible on the right. At the bottom right of the form area, there's a 'Start Over' link.

4. Click both boxes and perform the CAPTCHA.

The screenshot shows the 'Opt Out - Block Your Records' page. The top navigation bar includes 'People Search', 'Background Check', 'Criminal Records', 'Public Records', and 'Reverse Phone'. The breadcrumb trail indicates the user is at 'Home > Manage > Search Results > Privacy Preferences > Opt-Out'. The main content area has a heading 'Opt Out - Block Your Records' and displays the user's information: a profile icon, the name 'Subia', age 21, address [redacted], and relatives [redacted]. Below this, there are two checkboxes:

- I understand that PeopleFinders will block the selected person's public records from being shown on PeopleFinders.com. PeopleFinders will also endeavor to block future public records that belong to the same person, but identifying these future records is not 100% accurate and cannot be guaranteed. I understand that PeopleFinders does not own and operate all public records available on the Internet, and my information may still be found on other public web sites. I will need to contact those web sites to update privacy settings or have my information removed.
- Yes, I agree to the PeopleFinders Offer Terms, [Privacy Policy](#), and [Consumer Terms of Use](#).

Below the checkboxes is a CAPTCHA section with the instruction 'Please check the box below to prove that you are not a robot.' It includes a checkbox labeled 'I'm not a robot' and a reCAPTCHA logo. At the bottom, there is a 'continue' button.

5. You will be redirected to a confirmation page.
